

DANCE ON THE WATER

Who knows what God has planned, it's hid from the mind of the wisest man.

Eye has not seen nor has ear heard the plan that the Lord has for each one of us.

His plan is not about me, but I get to be part of it,

To carry the bright light of Jesus, the life of His Son.

And I must decrease so His light can increase

To shine on the new Way of life He is showing me.

Now that the Spirit of Life lives within me

He lifts me above all the old rules of life.

I'll walk on the water with Thee, 'cause You hold Your hand out to me

And even though I can't swim, You have called, I'll jump in,

Your grace is sufficient for me.

Oh, this walk is one step at a time, I'll just keep my eyes locked on Thine

King of all circumstance, you make me able to dance on the water with Thee.

Behold, You are doing a new thing, it springs up and now I see

A way in the desert, a river of life in this wilderness

And You have written down all of the days You've ordained for me

Directing each step so I know that my way is secure.

Whether I eat or I drink, or whatever I do, I will do for Your glory

I'll follow You my Lord, wherever You lead me

and trust You to calm every storm.
